

[Learn how to build this report on the Fast Reports Academy channel](#)

Demonstrates a master-detail report. To create it:

- go to "Report|Configure Bands..." menu;
- select the existing data band;
- press the "Add" button and select the "Data" band - this will add a data band to the existing one;
- return to the report page, doubleclick each data band and set its datasource.

Note: if you have defined the relation between master and detail tables, FastReport will use it automatically.
